RE: DONATION

Dear Australia Wide Recyclers,

Hutt St Centre's purpose is to help end homelessness for everyone who walks through our doors, with care and without judgment. We can only do this with help from people like you and communities who support our work.

So on behalf of all of those people who come to Hutt St Centre for help, we thank you very much for your donation of 35 X \$30 Drake Supermarket Vouchers.

Our work extends beyond providing meals and showers for people in real need. We also provide full case management services, in home and boarding house support, aged care services and an education, training and employment program which provides pathways out of homelessness.

Once again we thank you sincerely for your generous support.

Kind Regards,

Tom Whittenbury
Day Centre and Pathways Manager
